PROFESSIONAL EXPERIENCE

GREAT BEAR DISTRIBUTION

WAREHOUSE COORDINATOR | 01 February, 2022 - Present

The role manages the shipping workflow and other warehouse operations, including maintaining the daily shipping and receiving schedule, categorizing and tracking inventory. They confirm the availability of items to be shipped by verifying records or conducting inventories of required items. On a continuous basis, they review opportunities for improving work methods and practices with the Shift Manager and individual team members. As an active member of the management team, they participate in solving problems, improving efficiency, maintaining customer and quality focus, and fostering teamwork.

EUROFINS MICRO. DEPARTMENT

LABORATORY TECHNICIAN | October, 2017 - December 2019

As a key role at Eurofins, responsibilities include registering, preparing, and analyzing samples. Ensure samples are handled per documented procedures (UKAS), with attention to temperature control, storage, and maintaining sample integrity. Comply with Health and Safety protocols by keeping the work environment clean and organized. Report any anomalies or concerns directly to your line leader. Coordinate product registration according to orders, and liaise with the manager or client to address any errors.

EDUCATION

2008 - 2012 | University of Elblag - PWSZ

BACHELOR ENVIRONMENTAL ENGINEERING
